

Mr. Christian Dworak

Chairperson of the European CEN-CENELEC SABE
Circular Economy Topic Group (BSH Hausgeräte GmbH)

Christian Dworak (CD) holds a diploma in business administration with focus in sustainable investments and logistics from University of Stuttgart.

Since 2007, Christian works as an environmental expert for BOSCH and BSH Home Appliance Group. He is focusing on recycling activities, circular economy and related standardization activities, joining CENELEC Horizontal Environmental Standardization Committee (TC111x).

Since 2016 Christian chairs CENELEC TC111X Environmental committee and is a member of different worldwide standardization in IEC and ISO (TC111, TC207, TC323) committees and association working groups dealing with the EU Circular Economy Package. In 2020 he joined the board of directors of the WEEELABEX certification organization (WXO) and was elected as president of the WXO in 2021.
