

**Mr. Roland Hechwartner**  
Chairman  
oneM2M Technical Plenary

Roland Hechwartner works in the Standards, Patents and OSPO team in Group Technology of Deutsche Telekom, where he is responsible for standardization activities in the service domain. He is also part of the open source program office team.

Roland joined the department of systems engineering of max.mobil. (later T-Mobile Austria) in 1999 as project manager for mobile data solutions, introducing GPRS and related data services into max.mobil.'s network. Since 2002 he has been working as delegate for Deutsche Telekom in several standardization organizations. Starting with focus on messaging (3GPP, OMA) later shifting to device management and IoT. He joined oneM2M as delegate in 2012. He was elected for the oneM2M Technical Plenary Chairman position in 2018 and re-elected in 2020 and in 2022; before he has served as Vice Chairman of the Technical Plenary for two terms (2014-2018).
