

Dr. Seema Shukla
Executive Director
TIC Council India

Dr. Seema Shukla is the Executive Director of the TIC Council India, where she oversees the organization's policy advocacy and communications efforts, with an emphasis on ESG and digitization areas.

She has a postgraduate degree in food biotechnology and a doctoral degree in supply chain management from IIT Delhi, and she has over 22 years of experience in standards, food safety and SPS, conformity assessment, policy advocacy, and capacity building at the national and international levels.

Previously, she worked with Indian government agencies such as the Export Inspection Council (EIC), the Ministry of Commerce and Industry, and AETS on projects involving the EU, USFDA, CFIA, and ASEAN on trade matters, SPS, policy advocacy and dialogues, equivalence and mutual recognitions, and capacity building. She has written multiple research papers as well as one course book.
